

## ***D-THERM 160 2810***

**Alkali-resistant, fitting mesh corner profile for jacketing applications**

### **DESCRIPTION:**

Alkali-resistant, fitting mesh corner profile for jacketing applications

### **ADVANTAGES:**

Protect the jacketing of the plaster from breaks.

It is alkali resistant.

It is resistant to temperature changes.

It is easy to apply.

Do not shrink and diffuse.

### **USAGE AREAS:**

It is used in the application of the DAYMAN D-THERM 552

### **TECHNICAL SPESIFICATION :**

( 23 °C Temperature and 50 % for relative humidity)

**Dimension:** 1,00x50,00 mt.height

**Weight** : 160 gr/ m<sup>2</sup>

\*\*\*These values were obtained as a result of laboratory tests, just contain finished applications according to drying time performance. Due to differences in temperature and humidity values in the construction site, the values may change.

### **APPLICATION METHOD:**

#### **Surface Preparation:**

It should be cut and prepared according to place that going to be used in application.

It should be overlapped 10 cm at the joints with DAYMAN D-TEX 160.

DAYMAN D-THERM 552 is embedded in the D-TEX 160 - 2810 product when it is wet after 1 coat is applied.

After it become dry the second layer should be done with DAYMAN D-THERM 552.

### **CONSUME:**

Various 1,10 mt/m<sup>2</sup>.

### **PACKING:**

50,00 mt

### **COLOR:**

White

### **SHELF LIFE:**

Should be stored upright.

Protect from direct sunlight.

### **LIMITATIONS OF LIABILITY:**

## ***D-THERM 160 2810***

### **Alkali-resistant, fitting mesh corner profile for jacketing applications**

The information in this technical data sheet is given according to technical information, experience and test result.

As GENERALTÜRK A.Ş. cannot control the usage of the product that used under which kind of conditions, it does not accept any responsibility for the application result and does not guarantee it.

The product suitability for the product user should be tested and decided accordingly.

All products should be considered in the advice of those technical knowledge and equipment.
